CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

Angadi Institute of Technology and Management (AITM) is, affiliated to Visvesvaraya Technological University (VTU), Belagavi, Karnataka. AITM adopts the regulations and curriculum of the university. VTU also provides the

academic calendar twice in a year. Based on the academic calendar of the university, the college prepares the calendar of events (COE), which includes the date of commencement of the academic session, duration of the semester, schedule of internal assessment tests etc. Following are the flow of activities to ensure effective curriculum delivery. 1. Academic and non-academic activities are planned well in advance and these activities will be in line with the Academic calendar provided by the university. 2. Distribution of work-load for next semester is done well before the start of next semester. 3. Formulation of objective-driven teaching plan at the beginning of the semester. 4. Preparation and collection of adequate learning materials (resources). 5. The Time-Table of all departments is prepared well in advance and the same is displayed at least one week before the commencement of each semester. During the academic semester, continuous evaluation is done through three Internal Assessment test and Assignments. The internal assessment tests are conducted as per the calendar of events and deviation if any is intimated to the students well in advance. The portion for the internal assessment test and the assignment questions are displayed on the notice board. After the internal assessment test, the faculties discuss the scheme of evaluation with the students. The slow and advanced learners are identified based on the performance of the students in the internal assessment tests. The academic counseling session is conducted for the slow learners and the advanced learners are encouraged to participate in Technical events like paper presentation, project competitions etc. Apart from this prescribed curriculum, the College has strategized ways and means to strengthen the teaching-learning process in the following ways. 1. Organizing Guest lectures, seminars, Industrial visits and training programs to supplement the curricular inputs. 2. Encourage the students to conduct technical fest such as "VENCER". 3. Encourage the students to attend the technical fests organized by other institution.

The Institute is affiliated to VTU, Karnataka and follows the Examination pattern of the university. There are three Internal tests conducted. The schedules of internal assessments are communicated to students and faculty in the beginning of the semester through institute academic calendar which is prepared based on the university academic calendar. The institute has reformed the continuous internal evaluation system from faculty centric to student centric. The Institute Exam cell framed guidelines for conducting the CIE, the following reforms have been carried out effectively conducting CIE: • Scheduling of Internal Examination, Seating arrangements, hall invigilators listed for every examination. • Preparing the question paper for the internal examination in the prescribed pattern based on Knowledge level using revised Bloom's taxonomy. • Monitoring the attendance of the students for the Examination. • Internal Assessment has to be carried out within the stipulated time. • After completion of the internal examination, the faculty evaluate the answer scripts and distribute to the students for doubt clarifications or re-correction. • Then the HOD conducts a meeting with subject teachers, class teachers and mentors to discuss the students' Performance and necessary action plan for further improvement. • In addition to the IA Test, the students are asked to write assignments for each module. After evaluation, the students will be awarded the marks out of 10 marks for the assignments. Also, the institute conducts one lab internal test of 40 marks for UG Students. The Lab IA marks are divided in to 16 marks for written exam and 24 marks are allotted for day

to day performance in the lab. All the parents are informed about the performance of CIE of their wards through SMS. The IA tests will be conducted the institute level and as per Calendar of Events (COE)

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)
