Department of Computer Science & Engineering

Third Quarter E – Newsletter - 2020

Head of the Institute	Message
Dr. Anand Deshpande Principal & Director, AITM	An Institute is assessed on the basis of the Academic ambiance and outcome of the system in terms of performance and achievements of the students and staff in teaching-learning, research, innovation, Placements, and results. AITM has been known for its Academic credentials coupled with holistic growth in all directions. The new generation of competent minds must imbibe knowledge and practically they should comprehend the art of balancing brilliant technical, managerial communication, and interpersonal skills, nest. The Institute has achieved a series of milestones with the help of brilliant students, dedicated staff, and encouraging Management. We promise a wonderful experience of rich Academic and Excellent facilities coupled with professional practices and blended with an affectionate concern for our Students.

Head of the Department	Message
Prof. Sagar Birje HOD	Welcome to the Department of Computer Science and Engineering. In this department we create future computer engineers and responsible citizens. Here, a student gets the opportunity to excel in his academic activities. This is one of the very few departments where undergraduate students publish papers in international journals. At the same time, a student wishing to achieve some recognition in extra-curricular or co-curricular activities will also find the atmosphere helpful. The Department of Computer Science provides an environment to students motivating them to adopt a "want to learn" culture through state of art infrastructure. We offer the best teaching methodologies through class room and laboratory exercises and cultivate a mind-set among students to be inquisitive.

Institute Vision and Misssion

Vision:
To provide state-of-the-art techno-management education facilities for rural and urban students with a focus on research and innovation emphasizing on development of sustainable and inclusive technology for the benefit of society.

Mission:
- M1: To ensure all round development of students through judicious blend of curricular, co-curricular and extra-curricular activities.
- M2: To develop state of the art infrastructure that promotes a conducive ambience promoting technology, innovations and research.
- M3: To train the students to the changing technical scenario.
- M4: To make students understand the importance of Sustainable and Inclusive technologies.

Department Vision and Mission

Vision:
To impart quality education in computer science and engineering with emphasis on research and innovation for the students to be successful global professionals contributing to the society technologically, ethically and morally.
Mission:

M1: Act as the nurturing ground for young computing aspirants to attain the excellence by imparting the quality education.

M2: To encourage innovation through multidisciplinary research and development activities.

M3: To impart knowledge that meets the need of the present and emerging computing technologies.

M4: To inculcate human values and ethics in students and groom them to be responsible citizens.
