|  <p>Dr. Anand Deshpande Principal & Director, AITM</p> | <p>An Institute is assessed on the basis of the Academic ambience and outcome of the system in terms of performance and achievements of the students and staff in teaching-learning, research, innovation, Placements, and results. AITM has been known for its Academic credentials coupled with holistic growth in all directions. The new generation of competent minds must imbibe knowledge and practically they should comprehend the art of balancing brilliant technical, managerial communication, and interpersonal skills, nest. The Institute has achieved a series of milestones with the help of brilliant students, dedicated staff, and encouraging Management. We promise a wonderful experience of rich Academic and Excellent facilities coupled with professional practices and blended with an affectionate concern for our Students.</p> |
| Head of the Department | Message |
|  <p>Prof. Vasantkumar. Upadhye HOD EEE</p> | <p>The Department of Electrical & Electronics Engineering was established in the year 2009 and offers four-year degree course leading to Bachelor degree in Electrical & Electronics Engineering affiliated to Visveswaraya Technological University, Belgaum. The Department aims at producing well qualified Engineers for the nation and also across the globe. The Department has eminent faculty with wide range of experience in research, teaching, training and field experience which will help the students to gain practical knowledge which is very essential for their future endeavours. The department has excellent industry institute interaction and provides services like consultancy, design and testing to the industries. Since the commencement of the program, the department has made sincere efforts in the development of students through training and industrial visits. Also, the Department has formed Student Association (AEEES) to promote the student's talent and department library for student reference.</p> |

Institute Vision and Mission

Vision:

To become a premier institute committed to academic excellence and global competence for the holistic development of students.

Mission:

- M1: Develop competent human resources, adopt outcome-based education (OBE) and implement cognitive assessment of students.
- M2: Inculcate the traits of global competencies (such as domain expertise, Accountability, ethics, problem solving ability, communication skills, leadership Qualities and life- long learning) amongst the students.
- M3: Nurture and train our students to have domain knowledge, develop the qualities of global professionals and to have social consciousness for holistic development.

Department Vision and Mission

Vision:

To facilitate transformation of students into good technocrats, responsible citizens and competent professionals, focusing on absorption, generation and broadcasting of knowledge.

Mission:

- M1: Impart quality education to meet the needs of profession and society, and achieve excellence in teaching-learning and research.
- M2: Fascinate and develop talented and committed human resource, and provide an environment conducive to innovation, creativity, team-spirit and entrepreneurial leadership.
- M3: Facilitate effective interactions among faculty and students, and foster networking with alumni, industries, institutions and other stake-holders.
- M4: Practice and promote high standards of professional ethics, transparency and accountability.
